Kia ora Whānau,
Kia Tū Maia, Kia Tū Pakari, Kia Tū Rangatira!

COVID UPDATES

It is lovely to see our numbers going back up in the classes at kura as we welcome back those who have been isolating. We are aware that those who have been positive can be feeling anxious and tired coming back to kura and we are doing all we can to help tamariki feel safe and have time to adjust back into learning at school. With the disruptions COVID is having on learning it is important that as soon as tamariki are well that they are back at school after their 7 days, so they can be back into routines and learning. Please reach out if you need help in any way with this as our social services team are there to support our whānau. Kia kaha!

ANZAC DAY

Next week some of our potential student leaders will be going around the classes to collect money for ANZAC Day. This falls during the holidays so we will collect money Tuesday and Wednesday of next week to support this. It would be appreciated if you could send your tamariki with a coin to donate when our tamariki go around with the poppies.

SOCCER REGISTRATIONS

If your child wants to play soccer this year please ensure you have filled in a registration form and dropped it to the office with your payment. Any tamariki who have registered for the academy - we have your child's register of interest, but you will need to send in the \$10 payment fee. These teams will be organised over the next week so we need these forms for Year 1-3 tamariki ASAP. The soccer season starts on Saturday 14th which is the end of Week 2 of Term 2 for Primary Schools. If your child is in Year 7 or 8 and wants to play we need to get them registered for Super League. Matua Paora has these registrations and their season starts on May 8th and registrations need to be done by the end of term for these also.

ANZAC DAY
Left We Forget

When do Household Contacts need to isolate again?

Someone new tests positive in your house

Has it been more than 10 days since your last isolation period ended?

Yes

You need to isolate again for 7 days as a Household Contact and test on days 3 and 7.

No

You do not need to isolate again as a Household Contact. Monitor for symptoms and test if any develop.

COVID-19

Classification:

The Tui scientific name is *Prothemadera novaeseelandiae*. Tui can live up to only 12 years. Tui are native to New Zealand. Tui is a remarkable, intelligent and a unique bird.

Tui

Habitat:

Tui can be found in New Zealand in native forests, bushes, nest on Kowhai, Puriri, Rewarewa, Rata and Pohutukawa trees, and can nearly be found nesting on top of houses.

Dynamics:

The arrival of early Europeans called Tui the parson bird or mockingbird however, these names are no longer used today. The common name used today is Tui referred by the tangata whenua of New Zealand/Aotearoa.

Description:

Tui's weight is about 58-150g and is 27-32cm long. Tui are dark green, black and dark blue with a black bill and a white spot on its neck.

BANKING

We had 35 bankers last week. Let's increase that number this week!

We also welcome 3 new bankers - Noah & Rykah from Wharekauri Teina, and Brooklyn from Whare Tipu.

#savingforourfuture

TE TAIAO

Te Taiao has been an exciting topic for our tamariki this term. There has been amazing learning throughout the classes as well as at home. It is been so neat seeing the learning being taken into the home and the whānau engagement in home learning. I'm sure you have learnt a lot from your tamariki sharing their learning with you, as we have from them coming to visit us in the office to show us their mahi. We also have had the privilege of walking through the classes to talk to the tamariki and see the learning on display. For me it has been the noticing that has been really neat, our tamariki taking the learning and noticing it around them.

ACADEMIES

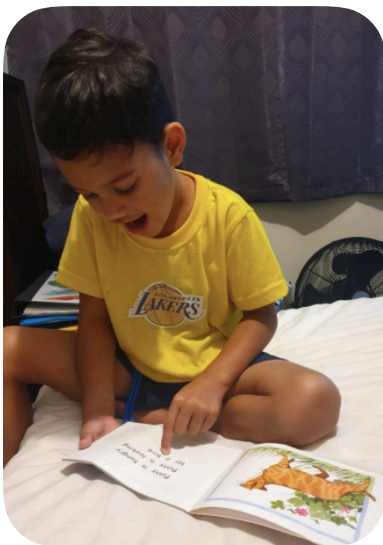

Academies have been somewhat disrupted over the last month with COVID coupled together with very wet weather. Please keep an eye on Academy Facebook pages for updates week to week. It was certainly nice to see the sunshine to start this week, and to see a number of our rugby teams out with their coaches on Monday and to run some trials with a lot of keen Soccer players on Tuesday. Well done to those who are committed to turning up to these Academy sessions.

LEARNING AT HOME

Teachers have continued to provide Home Learning Programmes on their class facebook pages for tamariki isolating at home. Thank you whānau for continuing to do the hard yards with your tamariki and to support them with continuing their learning. You are all amazing and we appreciate what you have been doing.

MUFTI DAY

Over \$800 was raised from the Mufti Day last Thursday which will be matched by the school. Thank you for supporting this kaupapa to help out the coast schools which were affected by the flooding.

END OF TERM 1

The term finishes next Thursday
14th April with Term 2 beginning
on Monday 2nd May
